Chapter 1: Company Overview

Hyundai Motor Company is a South Korean multinational automotive manufacturer headquartered in Seoul, South Korea. It is the world's third-largest automaker by vehicle sales and is part of the Hyundai Motor Group, which also includes Kia Corporation and Genesis Motor. Hyundai operates in over 200 countries and employs more than 120,000 people worldwide.

Founded	1967
Founder	Chung Ju-yung
Headquarters	Seoul, South Korea
CEO	Jaehoon Chang (José Muñoz — Global COO)
Employees	120,000+ worldwide
Annual Revenue	~USD 105 billion (2023)
Vehicles Sold	~7.2 million units globally (2023)
Stock Exchange	Korea Exchange (KRX: 005380)
Website	www.hyundai.com

Mission Statement

Progress for Humanity is Hyundai's mission, reflecting its commitment to creating a better, more sustainable future through mobility solutions that benefit people and the planet. The company focuses on clean energy, smart technology, and inclusive mobility.

Group Structure

- Hyundai Motor Company — passenger and commercial vehicles
- Kia Corporation — sister brand focusing on stylish, value-oriented vehicles
- Genesis Motor — luxury vehicle division launched in 2015
- Hyundai Mobis — parts and service arm
- Hyundai Capital — financial services

Chapter 2: History & Milestones

Hyundai's journey from a small construction and repair shop to a global automotive powerhouse spans more than five decades of relentless innovation, bold risk-taking, and strategic global expansion.

Year	Milestone
1947	Chung Ju-yung establishes Hyundai Engineering & Construction
1967	Hyundai Motor Company founded on December 29
1968	First vehicle: Cortina, produced in partnership with Ford Motor Company
1975	Pony — Korea's first indigenously designed passenger car — launched
1976	First export shipment: 5 Pony units to Ecuador
1986	Entry into the US market with the Excel; sells 168,882 units in first year
1991	Develops Korea's first proprietary engine: the Alpha 1.5L
1996	Launches Hyundai Atos (Atoz) micro-car
1998	Acquires Kia Motors during the Asian financial crisis
1999	10-year / 100,000-mile warranty introduced in the US — industry-first
2000	Hyundai Santa Fe first-generation SUV launched globally
2004	Genesis luxury sedan concept revealed
2008	Hyundai i10 and i20 launched globally; enters Formula 1 engine talks
2009	Sonata Hybrid concept revealed; Hyundai becomes world's 4th largest automaker
2010	Opens manufacturing plant in Brazil
2013	Hyundai i30 wins World Car of the Year nominee
2015	Genesis launched as standalone luxury brand
2016	IONIQ introduced — first dedicated eco-vehicle lineup (hybrid/EV/PHEV)
2019	Acquired robotics company Boston Dynamics stake
2021	IONIQ 5 — breakthrough EV on E-GMP platform — world debut
2022	IONIQ 6 (Electrified Streamliner) wins World Car of the Year 2023
2023	IONIQ 7 SUV previewed; Hyundai celebrates 40 years in India
2024	Hyundai Motor India IPO — largest automotive IPO in Indian history

Chapter 3: Leadership & Governance

Name	Title	Key Responsibility
Euisun Chung	Executive Chair	Overall group strategy and vision
Jaehoon Chang	President & CEO	Hyundai Motor Company operations
José Muñoz	Global COO / CEO (N. America)	Americas market and global ops
Heung-soo Kim	CFO	Finance, investor relations
Dong Jin Oh	CTO	R&D, future mobility tech
Unsoo Kim	CEO, Hyundai India	India operations and strategy

India Operations

Hyundai Motor India Limited (HMIL) was established in 1996 and commenced production in 1998 at its Sriperumbudur plant near Chennai, Tamil Nadu. HMIL is the second largest car manufacturer in India and a fully owned subsidiary of Hyundai Motor Company. The company operates two manufacturing plants with a combined annual capacity of 824,000 units and has a network of 1,400+ dealerships across India.

- Plants: Sriperumbudur (Tamil Nadu) and Talegaon (Maharashtra, upcoming)
- India models: Creta, Venue, i20, Verna, Alcazar, Tucson, Exter, Creta Electric
- Export hub: Ships vehicles to 150+ countries from India
- Listed on NSE & BSE (October 2024 IPO at ₹1,960 per share)

Chapter 4: Core Values & Vision

Hyundai's culture and strategy are anchored by five core values that guide every decision from product design to customer service.

Core Value	Description
Customer	Customers are our reason for existence. We strive to exceed expectations at every touchpoint.
Challenge	We dare to dream and take bold risks. Failure is a stepping stone to breakthrough innovation.
Collaboration	Working as one team across borders, cultures, and disciplines to achieve shared goals.
People	Our greatest asset. We invest in the growth and well-being of every employee worldwide.
Globality	Think globally, act locally. We adapt to every market while maintaining unified quality standards.

2025 Strategy: Hyundai Way

- Electrification: 23 BEV models globally by 2025, targeting 1.87M EV sales by 2030
- Hydrogen: Leading hydrogen fuel-cell technology (NEXO, trucks, ships, power plants)
- Autonomous Driving: Partnership with Aptiv (Motional JV) for robotaxi services
- Software-Defined Vehicles (SDV): Over-the-air updates, connected mobility
- Sustainability: Carbon neutrality target by 2045 across entire value chain

ESG Commitments

Hyundai has committed to achieving carbon neutrality by 2045. Key ESG initiatives include transitioning all manufacturing facilities to renewable energy by 2040, reducing lifecycle carbon emissions by 75% compared to 2019 levels, and achieving zero fatal accidents in all vehicles through advanced safety systems by 2030.

Global R&D; Centres

Hyundai invests approximately 3.5% of annual revenue into research and development, operating 9 R&D; centres across the world. Each centre specialises in different aspects of mobility and technology innovation.

R&D Centre	Location	Specialisation
Namyang R&D Centre	South Korea (HQ)	Core vehicle engineering, platform development, safety
Hyundai America Technical Center (HATC)	Warren, Michigan, USA	North American market adaptation, autonomous driving
Hyundai Design Center	Irvine, California	Design studio for North & South America
Hyundai Motor Europe Technical Center (HMETC)	Rüsselsheim, Germany	European market, powertrain, chassis tuning
China R&D Centre	Shanghai, China	China-specific models, local market needs
India Engineering Centre	Hyderabad	Software, connected features, India-specific development
Japan R&D Centre	Tokyo	Advanced materials, fuel cells, robotics
Hyundai Cradle (Silicon Valley)	San Francisco	Open innovation, startup investment, mobility tech
Boston Dynamics	Waltham, Massachusetts	Robotics, AI-driven mobility systems

Strategic Partnerships & Investments

Hyundai Motor Group has been actively building a diverse ecosystem of strategic partnerships across technology, mobility, energy, and manufacturing sectors. These alliances position Hyundai for the next decade of transformation in mobility.

Partner	Domain	Nature of Partnership
Aptiv (Motional JV)	Autonomous Vehicles	50:50 JV; deploying robotaxi service in Las Vegas, US cities
Boston Dynamics	Robotics	Acquired controlling stake; spot robots, Atlas humanoid
Qualcomm	Semiconductors / Infotainment	Snapdragon Digital Chassis platform for SDVs from 2025
Mobileye	ADAS	EyeQ chips powering Hyundai SmartSense ADAS systems
Google / Android Auto	Software	Seamless Android Auto integration across lineup
NVIDIA	AI / Autonomous	NVIDIA DRIVE platform for self-driving development
LG Energy Solution	EV Batteries	Joint battery manufacturing for North America (Georgia plant)
SK On	EV Batteries	Battery supply for IONIQ 5/6/7 in Korea and globally
Microsoft Azure	Cloud / AI	Cloud backbone for BlueLink connected services globally
Amazon Alexa	Voice AI	Alexa integration in BlueLink connected car platform
Supernal (Hyundai UAM)	Urban Air Mobility	Wholly-owned subsidiary developing eVTOL air taxis
POSCO	Steel	High-strength steel supply for vehicle body structures

India-Specific Partnerships

- HDFC Bank: Co-branded finance products and low-rate EMI schemes for Hyundai India
- Ola Electric / BluSmart: Fleet EV supply discussions for ride-hailing segment
- ISRO: Material and thermal management R&D; collaboration for EV batteries
- IIT Hyderabad: Joint research on AI-driven autonomous systems for Indian road conditions
- FAME-II Programme: Actively participating in India EV subsidy framework

Chapter 5: Product Portfolio — Hatchbacks & Sedans

Hyundai i10 (Grand i10 Nios)

The i10 is Hyundai's entry-level hatchback, popular in India and emerging markets. The Grand i10 Nios (third generation) was launched in 2019. It offers a spacious cabin for its segment, modern connectivity features, and strong fuel efficiency.

- Segment: Entry hatchback
- Engine: 1.2L Kappa Petrol (83 PS) | 1.2L CRDi Diesel (75 PS)
- Transmission: 5-speed MT | AMT
- Fuel efficiency: 20.7 km/l (Petrol AMT)
- Key features: Rear parking camera, wireless phone charging (top trim), 8-inch touchscreen
- Price range (India): ■5.54L – ■8.35L (ex-showroom)

Hyundai i20

The i20 (third generation, 2020) is Hyundai's premium hatchback competing in the B+ segment. It features a bold, sporty design language called 'Sensuous Sportiness' and offers the most features in its class.

- Segment: Premium hatchback
- Engines: 1.2L Kappa Petrol | 1.0L Turbo GDI (120 PS) | 1.5L CRDi Diesel
- Transmission: 6-speed MT | iMT | 7-speed DCT | 6-speed AT
- Key features: 10.25-inch touchscreen, 10.25-inch digital cluster, BOSE 7-speaker audio, sunroof, BlueLink connected car tech, 6 airbags
- Price range (India): ■7.04L – ■11.21L

Hyundai i20 N Line

Launched in 2021, the i20 N Line is the sporty performance variant built on the standard i20 but with N Line-specific exterior and interior upgrades. It uses the 1.0L Turbo GDI engine exclusively.

- Engine: 1.0L T-GDI 120 PS — exclusive to N Line
- Features: Red N Line badges, sport-tuned suspension, N-designed steering wheel, red brake calipers
- Price range (India): ■12.50L – ■14.49L

Hyundai Verna

The Verna (sixth generation, 2023) is Hyundai India's flagship sedan. It is the most feature-rich and technologically advanced car in the segment, incorporating ADAS (Level 2 autonomous features) for the first time in its segment.

- Segment: C-segment sedan / mid-size sedan
- Engines: 1.5L MPi Petrol (115 PS) | 1.5L Turbo GDI (160 PS) | 1.5L U3 CRDi Diesel
- Transmission: 6MT | IVT (CVT) | 7DCT
- ADAS features: Lane Keeping Assist, Forward Collision Avoidance, Smart Cruise Control, Driver Attention Warning, Blind Spot Collision Warning
- Other features: Panoramic sunroof, ventilated front seats, 10.25-inch dual screen, 64-colour ambient lighting, BOSE audio
- Price range (India): ■10.90L – ■17.99L

Chapter 6: Product Portfolio — SUVs & Crossovers

Hyundai Exter (Micro SUV)

Launched in July 2023, the Exter is Hyundai's entry into the booming micro-SUV segment. It sits below the Venue and competes with the Tata Punch and Maruti Fronx.

- Engine: 1.2L Kappa Petrol | CNG variant available
- Key features: Dashcam, voice-enabled sunroof, wireless charger, 8-inch touchscreen, BlueLink
- Price range (India): ■6.00L – ■10.20L

Hyundai Venue

The Venue (2019) was India's first connected SUV and kickstarted the sub-4m SUV segment. The facelift in 2022 brought updated styling and feature additions.

- Segment: Sub-compact SUV (sub-4 metre)
- Engines: 1.2L Petrol (83 PS) | 1.0L T-GDI (120 PS) | 1.5L CRDi Diesel (115 PS)
- Key features: 8-inch touchscreen, BlueLink with 60+ connected features, digital cluster, 6 airbags (top trim)
- Venue N Line: Sporty N Line styling with 1.0T-GDI engine
- Price range (India): ■7.94L – ■13.48L

Hyundai Creta

The Creta is Hyundai India's best-selling and most iconic product. The second generation launched in 2020 and the updated 2024 model brought a completely new design, panoramic display, and ADAS for the first time. It consistently ranks as one of India's top 5 best-selling vehicles.

- Segment: Compact SUV
- Engines: 1.5L MPi Petrol | 1.5L Turbo Petrol (160 PS) | 1.5L CRDi Diesel | CNG variant
- 2024 updates: Panoramic 26.03-inch dual display, ADAS Level 2, panoramic sunroof, dual-zone climate control, 360-degree camera
- Price range (India): ■11.00L – ■20.15L

Hyundai Alcazar (3-Row SUV)

Launched in 2021, the Alcazar is a 3-row, 6/7-seat version of the Creta. The 2024 facelift brought the same design language as the new Creta with a more premium interior.

- Seating: 6 or 7 seats
- Engines: 1.5L Turbo Petrol | 1.5L Diesel
- Features: Dual 10.25-inch screens, ADAS, panoramic sunroof, wireless charger
- Price range (India): ■16.00L – ■21.50L

Hyundai Tucson

The Tucson (fourth generation, 2022) is Hyundai's full-size premium SUV. It features a radical parametric design, hidden-until-lit controls, and all-wheel-drive option.

- Segment: D-segment full-size SUV
- Engines: 2.0L MPi Petrol | 2.0L CRDi Diesel (with 4WD option)
- Key features: Parametric hidden gem lighting, 10.25-inch touchscreen, Hyundai SmartSense ADAS, all-wheel drive, 8-speed AT
- Price range (India): ■29.02L – ■35.95L

Chapter 7: Electric Vehicle Strategy

Hyundai is one of the most aggressive traditional automakers in the EV transition. Its dedicated Battery Electric Vehicle platform (E-GMP) underpins its flagship EVs, delivering ultra-fast 800V charging, long range, and a flat-floor interior.

E-GMP Platform

Feature	Specification
Architecture	800V / 400V dual-voltage for ultra-rapid charging
Charging speed	10–80% in 18 minutes (350 kW charger)
Range added	100 km in just 5 minutes charging
Vehicle-to-Load (V2L)	Power external devices up to 3.6 kW
Drive layout	RWD standard; AWD dual-motor option
First model	IONIQ 5 (2021)

IONIQ 5

The IONIQ 5 was the first model on the E-GMP platform. Its retro-futuristic design inspired by the 1974 Pony concept earned global acclaim. It won three World Car Awards in 2022: World Car of the Year, World Electric Vehicle, and World Car Design of the Year.

- Battery: 58 kWh (Standard) | 77.4 kWh (Long Range)
- Range: Up to 481 km (WLTP, RWD Long Range)
- 0–100 km/h: 5.1 sec (AWD); 8.5 sec (RWD Standard)
- India price: ■44.95L – ■46.95L

IONIQ 6

The IONIQ 6, nicknamed the Electrified Streamliner, features a sleek aerodynamic body with a drag coefficient of just 0.21 Cd — one of the lowest of any production car. It won World Car of the Year 2023.

- Battery: 53 kWh | 77.4 kWh
- Range: Up to 614 km (WLTP, RWD Long Range) — segment-best
- Charging: 18 min 10–80% on 800V charger

Creta Electric (India-specific)

Launched in January 2024, the Creta Electric is India's most awaited electric SUV. It uses a different (non-E-GMP) platform optimized for Indian conditions and price sensitivity.

- Battery: 42 kWh (Standard Range) | 51.4 kWh (Long Range)
- Range: 390 km | 473 km (ARAI certified)
- Charging: 10–80% in 58 min (DC fast charge, Long Range)
- Features: V2L, panoramic display, ADAS, Vehicle-to-Load
- India price: ■17.99L – ■23.50L (Standard) | ■23L – ■29L (Long Range)

Hydrogen Strategy — NEXO

Hyundai is the world's first and most advanced hydrogen fuel-cell vehicle manufacturer. The NEXO SUV offers 666 km of range, 5-minute refuelling, and emits only water. Hyundai also produces hydrogen-powered

commercial trucks (XCIENT Fuel Cell) deployed in Switzerland and Korea.

Chapter 8: Manufacturing & Global Presence

Hyundai manufactures vehicles at 11 plants across 6 countries with a combined annual capacity exceeding 5 million units. The company exports to more than 200 countries.

Country	Plant Location	Annual Capacity	Key Models
South Korea	Ulsan (5 factories)	1.6 million	All global models
South Korea	Asan	300,000	Sonata, Grandeur
India	Sriperumbudur, TN	750,000	Creta, Verna, i20, Venue
USA	Montgomery, Alabama	380,000	Tucson, Elantra, Santa Fe
Czech Republic	Nosovice	350,000	Tucson, i30, Kona
China	Beijing (3 plants)	900,000	China-specific models
Turkey	Izmit	200,000	i20, Bayon
Brazil	Piracicaba	180,000	HB20, Creta
Indonesia	Deltamas, Cikarang	150,000	Creta, Ioniq 5
India (upcoming)	Talegaon, Maharashtra	250,000	Future models

India — Strategic Importance

India is Hyundai's second-largest market and largest export hub. In 2023, Hyundai sold over 600,000 units in India and exported over 170,000 units to 150+ countries from its Chennai plant. India-made vehicles are exported to Africa, Middle East, Europe, and Latin America.

Supply Chain & Localisation

- India localisation: >90% for key models including Creta and i20
- Supplier ecosystem: 250+ tier-1 suppliers in India
- Steel: Contracts with POSCO, JSW Steel for high-strength automotive steel
- Battery supply: LG Energy Solution, SK On for EV batteries
- Semiconductor: Partnerships with Qualcomm (infotainment SoC), Mobileye (ADAS)

Chapter 9: Technology & Innovation

BlueLink — Connected Car Technology

BlueLink is Hyundai's proprietary connected car platform available in India across Venue, Creta, i20, Verna, Tucson, Alcazar, and Exter. It offers 60+ features including remote control, real-time diagnostics, and AI voice assistance.

Category	Features
Remote Control	Engine start/stop, AC pre-cooling, door lock/unlock, horn & lights
Safety & Security	SOS emergency call, stolen vehicle tracking, impact notification
Navigation	Live traffic, trip statistics, valet mode
Diagnostics	Real-time OBD data, service reminders, DTC alerts
Voice Assistant	Hyundai AI voice + Alexa integration

Hyundai SmartSense — ADAS

Hyundai SmartSense is the brand's suite of Level 2 Advanced Driver Assistance Systems. Available on Verna, Tucson, Creta (2024), and Alcazar (2024).

ADAS Feature	Function
Forward Collision Avoidance (FCA)	Detects vehicles, pedestrians, cyclists ahead and auto-brakes
Lane Keeping Assist (LKA)	Detects unintentional lane departure and steers back
Smart Cruise Control (SCC)	Maintains distance from vehicle ahead autonomously
Blind Spot Collision Warning (BCW)	Alerts when vehicle in blind spot during lane change
Rear Cross Traffic Collision Warning	Warns of cross-traffic when reversing
Driver Attention Warning (DAW)	Detects driver drowsiness and suggests rest
High Beam Assist (HBA)	Auto-switches between high and low beam
Parking Distance Warning	360-degree sensors for parking assistance

Future Technology Investments

- Robotics: Boston Dynamics (Spot robot dog, Atlas humanoid robot)
- Urban Air Mobility (UAM): Supernal eVTOL aircraft for urban air taxis by 2028
- Software: 32,000-person software division; SDV architecture rollout 2025–2030
- Metaverse & Digital: Virtual showrooms, AR/VR test drives, digital twins for factory

Chapter 10: Awards & Achievements

Year	Award	Model / Achievement
2022	World Car of the Year	IONIQ 5
2022	World Electric Vehicle of the Year	IONIQ 5
2022	World Car Design of the Year	IONIQ 5
2023	World Car of the Year	IONIQ 6
2023	Red Dot Design Award	IONIQ 6, Creta
2023	JD Power India Quality Award	Hyundai #1 in mass market
2023	What Car? Car of the Year (UK)	IONIQ 6
2023	India's Most Trusted Auto Brand	Hyundai Motor India
2024	Car of the Year — Auto Expo India	Creta Electric
2024	Largest Auto IPO in India	Hyundai Motor India — ₹27,870 Cr
2024	NCAP 5-Star (Global)	Exter — 1st Hyundai India model with 5★ Global NCAP
Multiple	JD Power Initial Quality Study	Top 3 consistently (US market)
Multiple	Consumer Reports Top Pick	Tucson, Santa Fe (USA)

Safety Ratings — Hyundai India Models

Model	NCAP Rating	Agency	Year
Exter	5 Stars	Global NCAP	2024
Verna	6 Stars	Bharat NCAP	2023
Creta	5 Stars	ASEAN NCAP	2021
Venue	4 Stars	Global NCAP	2020
i20	3 Stars	Global NCAP	2021

Chapter 11: After-Sales & Customer Service

Hyundai India operates one of the largest after-sales networks in the country, ensuring customers receive world-class service at convenient locations.

Service Parameter	Detail
Dealer network	1,400+ sales outlets across India
Service centres	1,300+ authorised service centres
Cities covered	Present in 900+ cities and towns
Service intervals	Every 10,000 km or 12 months (whichever is earlier)
Warranty	3 years / 1,00,000 km (extendable to 5 years)
EV battery warranty	8 years / 1,60,000 km
Roadside assistance	24x7 Hyundai Roadside Assistance (RSA) — pan India
Digital service	Doorstep service, live video inspection, online booking via app
i-Care app	Service booking, vehicle health report, service history, RSA

Hyundai Promise — Extended Warranty

- Standard warranty: 3 years / 1,00,000 km on all models
- Extended warranty: Up to 5 years / 1,40,000 km via Hyundai Assurance
- Free first service: All models — first service at 1,000 km free of charge
- Annual Maintenance Contract (AMC): Fixed-cost servicing plans available

Finance & Insurance

- Hyundai Finance (HDFC JV): Low-EMI schemes, step-up EMI, balloon EMI
- Insurance: Tie-up with Bajaj Allianz, ICICI Lombard, HDFC ERGO
- Exchange bonus: Up to ₹50,000 exchange benefit on select models

Chapter 12: Pricing & Inventory Reference (India)

The following tables represent the dealer inventory and pricing data used by the Live Data Agent. All prices are ex-showroom (INR). Availability and waiting periods are indicative and updated regularly in the PostgreSQL database.

Model Pricing — India (2024)

Model	Fuel Type	Variant	Price Min (₹L)	Price Max (₹L)	Segment
Creta	Petrol	E Plus / SX(O) Turbo	11.00	20.15	Compact SUV
Creta	Diesel	SX(O)	16.50	20.15	Compact SUV
Creta	CNG	E	12.00	15.50	Compact SUV
Creta Electric	Electric	Std / Long Range	17.99	29.00	Electric SUV
i20	Petrol	Era to Asta(O)	7.04	11.21	Premium HB
i20	Diesel	Magna to Asta	9.00	11.00	Premium HB
i20 N Line	Petrol	N6 / N8 Dual Tone	12.50	14.49	Sport HB
Venue	Petrol	E to SX(O)	7.94	13.00	Sub-compact SUV
Venue	Diesel	S to SX(O)	10.50	13.00	Sub-compact SUV
Venue N Line	Petrol	N6 / N8	10.90	13.48	Sport Sub-compact
Verna	Petrol	EX to SX(O) Turbo	10.90	17.99	Mid-size Sedan
Alcazar	Petrol	Platinum	18.00	21.50	3-Row SUV
Alcazar	Diesel	Signature	16.00	20.00	3-Row SUV
Tucson	Petrol	Platinum	29.02	33.00	Full-size SUV
Tucson	Diesel	Platinum AWD	33.00	35.95	Full-size SUV
Exter	Petrol	EX to SX Connect	6.00	10.20	Micro SUV
Exter	CNG	S CNG	7.00	9.00	Micro SUV
Ioniq 5	Electric	Standard	44.95	46.95	Electric Crossover

Sample Dealer Inventory Snapshot

Model	City	Dealer	Stock	Waiting	Colours Available
Creta (Petrol E+)	Bangalore	Star Motors	12	2 weeks	Titan Grey, Atlas White, Abyss Black
Creta (Diesel)	Delhi	Competent	9	3 weeks	Dragon Red, Titan Grey
Creta Electric	Bangalore	Star Motors	6	6 weeks	Abyss Black, Atlas White
i20 (Petrol)	Chennai	Popular Cars	8	Ready	Polar White, Typhoon Silver, Fiery Red
i20 (Petrol Era)	Chennai	Kun Exclusive	15	Ready	Polar White, Typhoon Silver
Venue (Petrol)	Bangalore	Star Motors	7	2 weeks	Titan Grey, Ranger Khaki
